

# STATE OF MINNESOTA

## INSTRUCTIONS AS TO CERTIFICATION AND SIGNATURES FOR PLANS, SPECIFICATIONS, REPORTS AND PLATS

The certification and signature of plans, specifications, plats, reports, etc., is **MANDATORY** as provided by Minn. Stat., § Section 326.12, Subdivision 2, of the Law. **(EMBOSSSED SEALS ARE NOT REQUIRED)**

The Board has approved a certification, which combines the appropriate language and a space for signature. The size of the certification together with the size of letters and spacing of lines may be varied to suit individual requirements. The certification may be imprinted directly on the tracing and signature affixed thereto thus eliminating the necessity of duplicate signatures of prints.

The certification by each of the professions responsible for the preparation of bound specification, reports, or other documents shall be shown on the title sheet or first sheets. The certification by each of the professions responsible for the preparation of plans or plats shall be shown on each sheet of the set of plans or each plat.

Shown below are the forms of certification that have been approved by the Board as suitable for compliance with Minn. Stat., § Section 326.12, Subdivision 3. Individual certification stamps must be ordered privately from stamp companies or stationers at your expense.
